

STRATHMORE DISTRICT SCHOOL FAIR SPLENDID SUCCESS

The annual School Fair of Strathmore District held Friday and Saturday of last week again upheld the very high standard of former years. Owing to the prevailing financial conditions four schools which have exhibited heretofore did not compete this year, hence the number of entries was smaller but the quality of the various entries was quite up to the high standard, which the Strathmore District School Fair has established and which standard has become known in various places farther afield.

Inspector Edwards complimented very highly the executive of which the Principal Crowther was the chief inspiration for the very excellent display and arrangement of the many details in connection with the fair.

Each year the fair reveals some new found feature of interest in addition to the usual listed objects for competition.

This year apart from the listed entries, deserving of special mention was the huge and solid built turkey, entirely from wheat heads and weighing 60 lbs. This was the work of a young Hungarian girl, Miss Etel Hungath, aged 12 of Crawford St. of which school Mr. Norwood is the teacher for the present year. This letter is to be on exhibition in the C. P. R. Ticket Office on 9th Ave. Calgary.

The very clever pencil drawings by Miss Edith Baines and the pen and ink sketches by Miss Bertha Epp, were the subject of much favorable comment.

Another feature which was of outstanding interest was the group of some twenty or more Mennonite children from the Namska Farm who took part in the recitations and singing for the first time. Their songs and choruses they were led without piano accompaniment by their very painstaking teacher, Miss Epp.

Captain Edwards congratulated Mr. Epp very warmly for his efforts and looked for much progress in another year from this school.

The choruses trained by Miss Foh and Mr. Epp showed the careful training the pupils had received, as did the various songs and choruses showing the care of the other teachers.

At the concert the President Mr. F. Schulte made very effective remarks. He explained the problem facing the committee in the matter of finances, stating that the Govt would no longer be able to send any assistance and urged all to do their utmost in making possible the continuance of the school fair. He expressed the thanks of the Committee to the various helpers who were giving their work gratefully.

Interested during the concert were addressed by Capt. Edwards, Mr. Douglas, Principal of Standard school and a very lovely piano solo by Miss Cecile Van Tienhoven.

Lunch was served in the Dining Room of the Hall to the Judges, Teachers and Officials, by a committee of ladies comprising Mesdames Berry, M. Gensle, Shrimpton, Schulte, Moran and Moore.

Some very fine vegetables were shown, one pumpkin weighing 27 lbs, also some good squash and vegetable marrow, showing that these things can be grown in Alberta.

The poultry exhibit extended that of last year in quality. Some good hams were also shown. In the showing of the calves it was noted that in the future, if a little more attention was paid in raising the animal it would be an improvement.

The programme of sports was under the supervision of Messrs. Ian McKenzie and P. C. Cameron and was a very interesting part of the fair. The following is the list of winners in the Friday evening contest. The prize winners in other lines will be published in next week's Standard.

John Lawverzen has decided to give up farming and is holding a big sale of his household goods and furniture to be held on Thursday Oct. 19th. A Layzell the popular Bow Valley auctioneer will be on the block, and as he has had a good rent will be in fine fettle. The sale will begin at 10:30 a.m.

On Thursday, Friday and Saturday October 12, 13 and 14 Luncheon Club Store will have three luncheon sale days when they put on the big Nyl Sal. Look up page 2 of the Standard and see the bargains that they will present on these 3 days of the ever popular series of Nyl products.

After many consultations with Mayor Shrimpton and much training on the part of Harry Miner, minister of Public Works in the Shropshire, Canada have been named to the assistance of his aide Luncheon and the expenditure of but a few dollars succeeded in remodeling the building into a fine place for the taking care of at least some spectators at a hockey match. The fences have been moved back, the direction of the benches changed and plans completed so that the Hockey Club may put on a show for the players. It is a splendid demonstration of what may be accomplished with the use of a few dollars and an ample supply of energy, good will and cooperation on the part of Portland can imitate the Red Sox with the same view, nothing will keep them from coping off the championship.

SPORT NOTES

HUBBELL'S 'SCREW BALL'
ALMOST SAME AS
CHRISTY'S 'FADEAWAY'

New York:—Just what has the brilliant four-man pitching staff of Carl Hubbell, Hall Schumacher, Fitzsimmons and Roy Parmelee, out that New York Giants could win so easily, though the National League and come down to the world series with Washington Senators almost even money to win?

The answer comes from players who have hit against them. From non-hitters like Coaches Tom Clark and Frank Snyder, old time catchers who have satisfied their development, and experts who have watched them day in and day out through a trying pennant race. In tabloid form it goes like this: Carl Hubbell, southpaw. A balling screw ball, the only pitch of its kind in the major leagues today. Clark who saw Christy Mathewson's fadeaway, says Hubbell's screw ball is almost identical. It's a knee-high ball that breaks down and away from a right handed batter, exactly opposite to the normal curve of a left hander. Hubbell throws it nine out of 10 pitches but he has a sweeping natural curve he uses chiefly against left handed hitters. He seldom throws a fast ball. The control is almost perfect.

His Schumacher, right hander—His favorite is an overhead slider, at so unique. He gets it by snapping his entire arm like a baggy whip, the ball comes up low, then drops straight down as though it had rolled off a table. Hitters have been topping it all season, rolling into easy double plays. When the sister fast working Schumacher usually is belted out swiftly. The strain of the pitch has tired his arm greatly. He needs considerable rest.

Fred Fitzsimmons, right hander—Another fellow with a toss the hitters say no one else possesses. A knuckler. He's John McGraw's choice as pitching hero of the series, a veteran whose only weakness is a tendency to irritation and loss of effectiveness if something goes wrong behind him. He's a heady pitcher but has shown a tendency to tire lately.

Leroy Parmelee, right hander—Suffering right now from a slight case of nerves because his fireball, which jumps inward, has broken bones in the arm or hand of Randy Moore, of Boston Braves and Stanley Hack of Chicago Cubs, both left hand hitters, in the past month.

Both Terry and McGraw believe he will be the greatest pitcher in baseball some day. He lacks just enough control and poise to make him a doubtful starter now.

Lefty Watson Clark, old Adol League and Herman Bell probably will see action. Clark with a fine curve ball and speed but in much of the time with slugs trouble, will get another chance to win a place as a possible series starter. The veteran League has a fine down curve and control. Bell has a four lining complex. Both are fine relief pitchers.

Arguing pitching, all the Giants estimate that the Senators are high ball hitters, while all the Giants pitchers are low ball leavers. Hubbell's screw ball, Fitz's fast knuckler, Schumacher's slider, all are new to American league batters. Most of the Senators hitting strength is from the left side of the plate—Heinie Mannish, Buddy Meyer, Joe Kuhel, George Goslin, Sam Rice—all favoring Hubbell and working to the advantage of Fitz and Schumacher. Sheriff Harris, Joe Cronin, Fred Schulte, Luke Sewell and Oscar Blügg are the Senators' right hand hitters.

Conversely, batted men seem to think that the Giants with their big punch Bill Terry and Mel Ott, swinging from the left side, will give Alvin Crowder, the Senators' right hand star, lots of trouble. Earl Whitehill, veteran southpaw, and Wally Stewart, another lefty should have an edge but Terry doesn't think so.

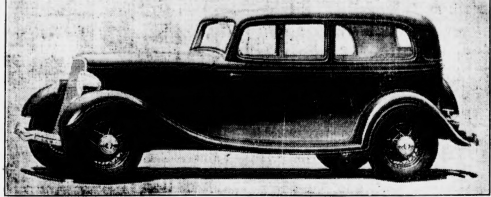

We hit Whitehill easily in exhibition games he says. He won't beat us.

WORLD SERIES SPLIT

ONE OF GENEROSITY

New York:—Perhaps taking a hint from the book of professional hockey players, those who hammer the boards and chase fly balls for a livelihood have proven unusually generous in this year's World Series split.

Joe Cronin, manager of the Senators said: "We considered everybody who had anything to do with the club. Thirty-two players and employees will share in the Senator gravy. Twenty-four full shares were voted to Berg; Blügg; a broken; a broken;

HOLDING REIN ON INFLATION

The Monitor says: Will the new chapter of American recovery be printed on greenbacks? President Roosevelt is being pressed for an answer. The pressure comes from currency inflationists and sound money advocates alike. An announcement on the Administration's monetary policy is believed imminent and may come from the President while he is at Hyde Park. Meanwhile, however, W. H. Woodin, Secretary of the Treasury, let it be known recently that plans are being pushed in Washington for new credit expansion which may be satisfactorily far reaching in its effects to satisfy even most of those who are demanding that the Government issue new money.

But between the President's immediate plans and runaway currency inflation there is a great gulf fixed. Credit expansion is the next logical step in the recovery program. As John Maynard Keynes has pointed out

the need now is for expenditures on capital goods—that is, on those things which go into the building and equipping of manufacturing plants, and whose production employs a vast array of labor of all types. Expenditures of this kind must be financed through credit. A prospect of currency inflation could only hinder credit expansion because no person wishes to tie up money in loans when it appears that he will be repaid in currency of less value.

The need of adjusting the dollar's value to fit changed conditions is, however, recognized by the Administration. Justice to debtors, who are trying to pay their obligations in dollars which represent much more goods and effort than those they borrowed, calls for such adjustment. But it does not follow that this should be through currency inflation which might easily become a source of continuing injustice to creditors. There must be found a better way of adjusting the nation's economic scales.

BROWNLEE RETURNS TO
EDMONTON DESK
—O—
Edmonton, Oct 2.—Back at his of-
fice on Monday morning following 12
months spent as a member of the Royal
Banking and Finance Commission
appointed to investigate the financial
and monetary system of the Dominion.
Premier J. E. Brownlee stated that
the report of that organization had
been completed and was signed by
members last week at Ottawa.

Premier J. E. Brownlee would decide
when it would be released he added.
He declined to give any information
on the subject matter of the report.
Premier Brownlee was talking the
necessary steps to straighten out the
relief camp situation he said. Some
difficulty had arisen over the ques-
tion of single men physically fit
and able to work in relief camps.

The recently signed Dominion Pro-
vincial agreement provides that the
Dominion will administer relief for
single men in camps and the national
defence department will supervise
them, but that department has said
that only work of a national charac-
ter would be done in them. If this
policy was adhered to only six of the
23 camps in this province would be
taken over. The Alberta Relief Com-
mission has no means of continuing
these camps.

Dealing with the \$200,000 loans to
this city and Calgary the Premier
said that after an examination of ac-
counts by the Dominion, it was de-
cided that \$200,000 instead of the
\$250,000 asked for, was all that was
justified under prevailing conditions.
Five \$50,000 loans were difficult to
obtain, he said, as the granting of one
to one city meant a flood of applica-
tions from others.

Asked regarding rumors of a pro-
vincial general election, the Premier
said that there was not going to be
one this year as far as he was con-
cerned. The U. P. A. members had the
matter of an election in their hands
and there was no demand from them
for an appeal to the electorate.

On the question of the damage ac-
tion filed against him in the Supreme
Court, the Premier stated that he had
not yet been served with the state-
ment of claim and was unaware of its
complete contents.

As the case is now before the
courts, I prefer not to enter into any
public discussion of it, he said.

He was not ready to say when a
statement of defence would be filed.

He is considering having for a brief
vacation at the Pacific Coast at the
end of the current week.

FAMOUS HOCKEY PLAYERS

FIGURE IN DEALS

—O—

Some important player deals were
made recently when directors of the
National Hockey League held a meet-
ing and as a result of these Goal-
keeper Lorne Chabot will likely sign
with Montreal. Canadian George
Hainsworth will do the parakeeting for
Toronto. Teddy Graham will play
for Maroons, and Lionel Conacher will
be with the Chicago Black Hawks.
Certain stipulations are attached to
the Hainsworth-Chabot trade, but it
is expected that everything will be
smoothed out to the satisfaction of the
players and club owners, and that the
net guardians will switch allegiance.
In future no club will be permitted
to spend more than \$65,000 for salar-
ies, the former high being \$70,000 and
it may be that some of the players af-
fected will join the "hotfoot" class. In
this connection Lionel Conacher's
name has been mentioned, but to af-
fect this report it is known that the
"Hot Foot" isn't at all averse to play-

ing for Tommy Gorman again. They
are old friends and will probably
reach an amicable settlement.

No player is eligible to receive
more than \$7,000 a season, the rule
remaining unchanged, but with the
fruit of \$65,000 per team, some of the
better lights will be affected, hence
the likelihood that there may be hodo-
dists in the league will surrender, and
soon they might, in days of financial
distress.

BABIES BORN TODAY GAIN 12

YEARS ON LAST GENERATION

—O—

A baby born in 1917 had an expecta-
tion of life of only 65.6 years. The
baby born in 1932 can expect to live
65.8 years. These figures, compiled by
an insurance company show that in
20 years time the average expecta-
tion of life has increased by 12 years.
Twelve years gained in twenty.
Curious in the table of figures
which accompany the statement is the
fact that two years of great prosper-
ity, 1927 and 1928 saw a drop in the
expectation of life, but from 1929 on-
wards it has soared upwards from
58.8 to 58.80. Economic depression,
it is hinted leads to longer life. But,
the bulletin continues, no death man
will feel a shorter but merrier span is
to be preferred.
